Implimentation

Sebright follows the Hackney Agreed Syllabus for Religious Education (2025), which reflects a range of religions and worldviews represented within our local community and wider society. Each year group is guided by an overarching enquiry question, with learning throughout the year designed to support pupils in exploring and responding to this question.

Pupils from Nursery to Year 6 participate in a dedicated RE day each half term, alongside visits and visitors that enrich their learning. These experiences provide opportunities for pupils to encounter a range of faiths, beliefs and worldviews first-hand.

RE is taught through six disciplinary lenses: **history, theology, philosophy, worldview, empathy and debate**. As pupils revisit religions and worldviews throughout their primary education, they build on prior learning to deepen their knowledge and understanding. Pupils are encouraged to explore similarities and differences between religions and worldviews, fostering respect, critical thinking and appreciation of diversity in modern Britain.
