

Need a summer break?

Worried you can't afford to get away?
Outdoor Family Camping helps Hackney
families enjoy a week-long holiday in the
countryside...

Would you and your family like to try out camping this summer?

For the last ten years, Outdoor People has taken families from Hackney to spend a week under canvas on a working farm in Kent.

Our camping trips take place in August. You'll join other families and learn how to pitch a tent, help feed the farm animals, pick fresh vegetables for dinner, toast marshmallows over an open fire and sleep under canvas.

If you've never been camping before, but are willing to try, get in touch to find out more. We'll supply all the kit you need, all you need to bring is a sense of adventure!

As a social enterprise, we have a number of places available to families on very low incomes. To apply, scan the QR code to fill out our application form. To find out more, send an email to: bethan@outdoorpeople.org.uk or call/text 07930 017 123.
