SEBRIGHT NEWS

Fri 26 May 2017 Issue 11

Dear Parents and Carers,

Where did the last half term go?
In classes there has been a focus on design and technology. Read on to see what our year 5's have been busy exploring.

I had the privilege of seeing two of our year 6's interview Sir Trevor McDonald at the City Year Red Jacket dinner. City Year were recognised for their work within schools across the country and Mrs Thomas received an award for her long standing commitment to working with City Year.

I hope that everyone had an enjoyable half term break and I am looking forward to seeing all the amazing projects, trips and events that are coming up in our last half term.

Thank you,
Mr Green - Head of School

City Year Red Jacket Dinner

The Red Jacket Dinner is an annual dinner put on by City Year to fundraise for the charity. All the corporate sponsors for City Year attend to hear about the impact that City Year has had within schools across the UK. This year Mrs Thomas received an award for the longest City Year partnership. Sir Trevor McDonald attended on behalf of the Queen's Trust (one of City Year's supporters and the main advocate for the charity) and was interviewed by two of our Year 6 pupils: Hafsa and Ali-Mert. "Firstly we were nervous because there were over 100 people attending and we had to interview Sir Trevor McDonald on stage in front of all of them! While interviewing him though, we really enjoyed the experience; we even found out that he enjoys cricket! Throughout the interview, we couldn't stop smiling! After we finished, everyone was saying well done and by that point we had forgotten that we were even nervous at all!"

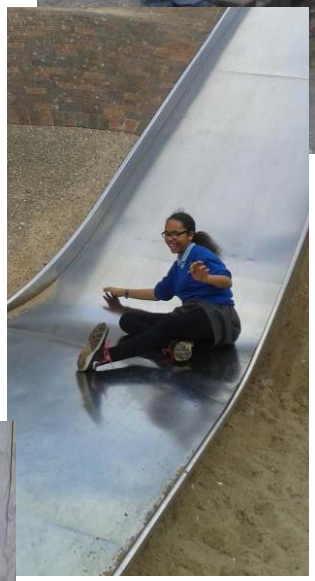
Year 6 celebrate

"In celebration of finishing our SATs we had a treat – going to Victoria Park. We had a wonderful time playing cricket with Miss Campbell and football with Miss Collins. We also had a fantastic pizza party. It was really fun and the pizzas were delicious: margherita, pepperoni and veggie pizza. We would like to thank Mr Power and Mr Keen for making this possible."

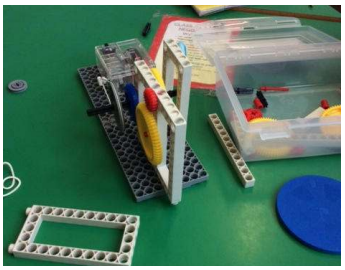
Ella 6P & Nadal 6P

Well done to every single one of the children in year six, you did yourselves and the school proud with the way you calmly and positively dealt with every test that came your way in May. We are immensely impressed with you all!

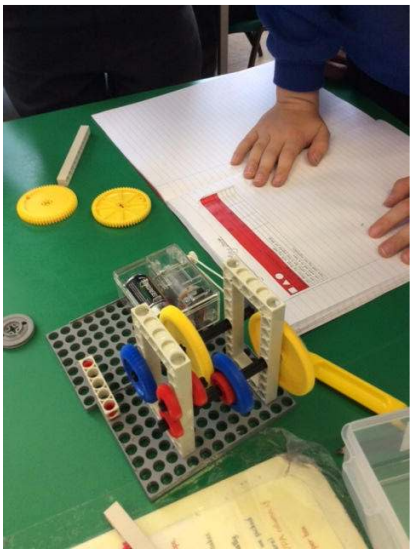
From now on we will be steadily spending more and more time on our major production of the Disney, Broadway and West End super hit ... Beauty and the Beast!



Year 5 engineers

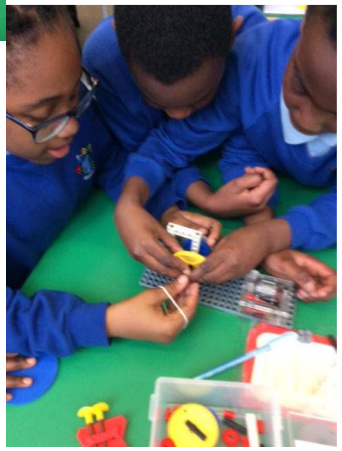


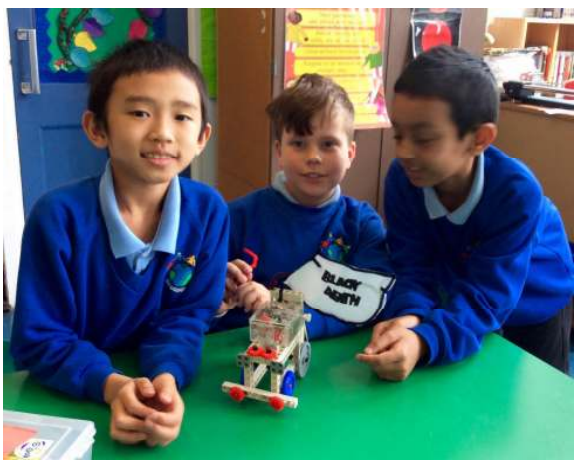
This term the focus in design and technology was pulleys and levers for year 5. We've explored various objects that have these within them. As a final project we got to make mechanisms that move, it was really fun!



The students were extremely creative and ended up adding their own designs to the mechanism. In 5IR the whole class made cars because it was the easiest object to make move. One of the teams even made a car with a homemade pencil pot on the top.

The pictures have 5L representing the design and construction phase and 5IR with the finished products.





Dear Parents and Carers,

We love helping your child celebrate their birthday. It is great to see how happy they are at the thought of sharing their birthday cake with all the children in their class.

However, we live in a world of increasing allergies and therefore ask that you only send in shop bought cakes that have a list of ingredients on the side. This will enable us to identify any ingredients that could cause an allergic reaction.

Tubs of pic'n'mix sweets, large gob stoppers, party bags containing unlabelled items and other loose sweets cannot be distributed by our staff.

Thank you for your understanding.

Dates for your diary:

Welcome Back

Mon 5th Jun -

Year 1 - Art workshop in the lower hall, all day.
Sebright's Got Talent - Auditions 1:00 - 1:45 in the middle hall
KS1 - NSPCC assembly 1:15

Sat 17th Jun - **SHINE Saturday School this week**

Summer Fair

Our annual Summer Fair is just around the corner and we are starting to get ready for this fun filled event. Soon we will be asking for your help with a variety of donations. Watch this space and look out for information your children bring home.
