

1<sup>st</sup> November 2018

Dear Parents and Carers,

### **Winter/Christmas card fundraising**

Sebright School are thrilled to let you know that we have signed up to School Art Club- a great service, which turns children's artwork into unique greetings cards and is also a great fundraiser for our school.

We will be holding an art lesson where your child will design their very own greetings cards, which are then professionally printed to order!

They are available to buy in packs of 12 including envelopes. The cards are printed on glossy premium greetings card material, which comes from recycled materials and taken from sustainable forests.

Each pack of 12 cards costs £5 and you can buy as many or as few packs as you like. It's a great fundraiser for the school and local community. £2 of the cost will be split between St Joseph's Hospice and our school- this means we are able to support a great cause and enabling us to invest further in your child's education.

Now your child has designed their artwork on the forms, they can add any finishing touches at home. Simply return the form and pay via ScoPay, and your cards will be with you in plenty of time before the Winter break. When returning the design forms, please ensure you state how many packs you would like @ £5 per pack.

The deadline for returning the design forms and paying via ScoPay is Friday 16<sup>th</sup> November. This gives enough time for the forms to be collected, the cards to be made and returned to Sebright before the Winter break. Failure to pay by the deadline will mean that your child's design will not be ordered.

Yours sincerely,

Mr J Green  
Head of School
