PHONICS

Phonics Screening Check - a statutory assessment to check that children are at their age expected level for reading using their knowledge and skills learnt in phonics lessons.

In order for your child to reach the age expected level they need to be able to identify phase 2, 3 and 5 sounds. They will read real words and “alien” words that they will need to sound out and blend. When reading these words, we encourage children to look for “Special Friends”. Two or three letters that make one sound. Then blend the words after that.

See the special friends video on the Year 1 class page on the website.

READING

Welcome to the beginning of the magical reading journey!

Sharing a story every day can help increase your child's vocabulary ... if you read a story every day then that's almost 1500 books!

Are you a member of Hackney Library yet?

*We welcome book donations too!
